**Dear trade union colleagues in Africa,**

**On this International Worker's Day 2021 we want to express our solidarity with the workers movement in Africa embodied by the ITUC-Africa.**

**We support your initiatives in strengthening the trade union movement in the African countries.**

**Where possible we will initiate activities to materialize our solidarity with the struggle of the African trade unions.**

**We want to stand side-by-side in the fight for:**

- **Improved health and safety at the workplaces**
- **A more just distribution of COVID-19 vaccines**
- **Better value sharing in supply chains**
- **Strengthening worker cooperation in multinational companies**
- **A just climate change transition**
- **A respectful migrant policy.**
